

New Durham Fire Department Standard Operating Guidelines (SOG)

SOG 505 EMS Student Ambulance Ride-along

PURPOSE: To provide EMS Students exposure to EMS operations.

SCOPE: EMS Students

SPECIFICS:

- EMS students may ride in the patient compartment of the ambulance.
- The EMS student may not provide patient care unless they are participating in a class-linked or sponsored ride time.
- The EMS student must be enrolled in an EMS class and be supervised by a licensed EMS provider.
- The primary EMS provider is responsible for the action of the EMS student.
- The EMS student may be utilized to retrieve supplies or equipment.
- The EMS student who passes the National Registry test is no longer considered a student, and therefore may not ride until they are licensed by the State of New Hampshire.
